

“Developing a Research Plan and Getting it Funded”

This mentoring panel will address the key challenges of developing a timely, impactful, and fundable research plan, and strategies for obtaining funding to support such a research plan. The panel members are all world-recognized experts in their research fields, and represent different stages of the academic career, different engineering departments, and various types of research.

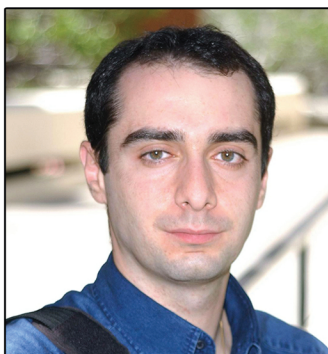

Panelists:

Dr. Andrea Armani

Dr. Yolanda Gil

Dr. Hossein Hashemi

Dr. Nenad Medvidovic

Dr. Shri Narayanan

Moderated by:

Dr. Maja Mataric'
