

ACEC
AMERICAN COUNCIL OF ENGINEERING COMPANIES
California

August 2018

To: Departments of Engineering and Land Surveying

The American Council of Engineering Companies of California (ACEC California) will be awarding several scholarships totaling up to \$50,000 for the 2019-2020 academic year. We ask that you distribute the following application to your engineering and land surveying students for an opportunity to receive a scholarship towards their degree. Enclosed you will find materials to make this scholarship program available to your students but these materials can also be found on our website, www.acec-ca.org.

Ralph Guida, IV
President

Gary Antonucci
President-Elect

Kurt Yoshii
Vice President

Miranda Patton
Secretary-Treasurer

Michael Cooper
Immediate Past President

Jeff Walker
ACEC National Director

Brad Diede
Executive Director

The deadline to submit a scholarship application is January 16, 2019.

ACEC California is a nonprofit association of private consulting engineering and land surveying firms. As a statewide organization, we are dedicated to enhancing the consulting engineering and land surveying professions. We work to promote the use of the private sector in the growth and development of safe buildings, environment, transportation and water. Our members provide services for all phases of planning, designing and constructing. Such member services include civil, structural, geotechnical, electrical and mechanical engineering and land surveying for all types of public works, residential, commercial and industrial projects.

Our scholarship program not only recognizes hard working and dedicated students, but serves as a valuable way for our members to identify the best and the brightest students about to enter California's increasingly competitive job market. If you know of any qualified students who might benefit from receiving a scholarship, please encourage them to apply.

Thank you in advance for your assistance in increasing student awareness of this program. Should you have any questions about ACEC California or our scholarship program, please do not hesitate to contact me at (916) 441-7991.

Sincerely,

Breanna Pineda
Legislative & Programs Coordinator

Professional engineers and surveyors dedicated to building a better California.
