

COLUMBIA UNIVERSITY
IN THE CITY OF NEW YORK

8th ANNUAL ALLIANCE GRADUATE SUMMER SCHOOL

Research Methods in Sustainable Development
with applications to public policy, social science and natural science

PARIS, FRANCE || 27 MAY - 31 MAY 2019

The Alliance network is pleased to announce its eighth annual summer school for research methods in sustainable development. This weeklong program is geared toward graduate students in environmental science, economics, public policy, and related fields. It will feature:

- Presentations from world-class professors and researchers in networks, bayesian modelling, spatial econometrics, remote sensing and text mining
 - Workshops for participants to apply analytical tools including machine learning and statistical analysis software
 - Discussion groups based on participants' shared interests
 - Applications to health, energy, climate change, food, big data for development, and climate policy
-

APPLICATIONS

- Open to research-based masters and PhD students
- Participation fee: 80€ (covers all lunches and refreshments)
- Deadline: 18 March 2019
- Apply at <https://goo.gl/forms/o8y48Tsx1WGsMoeC2>
- Competitive scholarships available for citizens from developing countries
